States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly

challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants,

them. And as
Dunbar-Ortiz
reveals, this
policy was
praised in
popular culture,
through writers

Whitman, and in
the highest

Shockingly, as
the genocidal
policy reached
its zenith under
President Andrew

ruthlessness was
best articulated
by US Army
general Thomas
