handful of good concepts, particularly
in the constraints and techniques to

address them. The content was

wrapped in too many trademarked

catchy labels for my taste though.

It takes too much effort to locate all of Michael Boylan's "12 strategies to sell faster, close deals faster + grow [a] business better," except as they are listed in the Table of Contents. Also, several of the illustrations (e.g. "The Constant Continuum" on page 6 and "The Twelve ACCERANT Principles" on page 7) are almost unreadable.
