All My Friends Are Dead is an illustrated dark comedy book published by Chronicle Books in 2010. It was written by Avery Monsen and Jory John and illustrated by Avery Monsen.. An animated GIF of the first 10 pages of the book were posted on Tumblr and quickly became the most reblogged and liked post in Tumblr's history. The viral website was also reported in New York magazine.

~~All My Friends Are Dead - Wikipedia~~

All My Friends Are Dead features 11 songs the Consumers recorded in a single evening in early 1978, shortly before they gave up on Phoenix and moved to Los Angeles in hopes of finding more sympathetic ears. (They did find an audience there, but that didn't stop the band from splintering by the end of the year.) While it would take the L.A. punk scene a few years to reach full hardcore ...

Song information for All My Friends Are Dead - The Orphans on AllMusic

~~All My Friends Are Dead - The Orphans | Song Info | AllMusic~~

If you're a dinosaur, all of your friends are dead. If you're a pirate, all of your friends have scurvy. If you're a tree, all of your friends are end tables. Each page of this laugh-out-loud illustrated humor book showcases the downside of being everything from a clown to a cassette tape to a zombie.

If you're a dinosaur, all of your friends are dead. If you're a pirate, all of your friends have scurvy. If you're a tree, all of your friends are end tables. Each page of this laugh-out-loud illustrated humor book showcases the downside of being everything from a clown to a cassette tape to a zombie. Cute and dark all at once, this hilarious children's book for adults teaches valuable lessons about life while exploring each cartoon character's unique grievance and wide-eyed predicament. From the sock whose only friends have gone missing to the houseplant whose friends are being slowly killed by irresponsible plant owners (like you), All My Friends Are Dead presents a delightful primer for laughing at the inevitable.

A collection of humorous cartoons depicting a variety of people, or other life forms as they deal with the existential aspects of their lives.

An adult parody of children's alphabet books, offering horrible—but hilarious—advice, from the authors of All my friends are dead. In the humorous vein of Go the F**k to Sleep comes a laugh-out-loud collection of bad advice that turns the children's alphabet book on its head. Adorable, illustrated characters lead readers down a path of poor decision-making, and alphabetical, rhyming couplets offer terrible life lessons. O is for opening things with your teeth, F is for setting Daddy's wallet on fire, and R is for Raccoon (but definitely not for rabies). With plenty of playfully disastrous choices lurking around every corner, this compendium of black humor may be terrible for actual children, but it's perfect for the common-senseless child in all adults. Plus, this is the fixed-format version, which looks nearly identical to the physical book. Praise for K is for Knifeball —Great fun for adults. The humorous illustrations, done in the style common in kids books, greatly add to the fun. —Geek Alerts

For months, Cass has heard her best friend, Julia, whisper about a secret project. When Julia dies in a car accident, her drama friends decide to bring the project—a musical called Totally Sweet Ninja Death Squad—to fruition. But Cass isn't a drama person. She can't take a summer of painting sets, and she won't spend long hours with Heather, the girl who made her miserable all through middle school and has somehow landed the leading role. So Cass takes off. In alternating chapters, she spends the first part of summer on a cross-country bike trip and the rest swallowing her pride, making props, and?of all things?falling for Heather. This is a story of the breadth of love. Of the depth of friendship. And of the most hilarious musical one quiet suburb has ever seen.

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Hoist the anchor and get ready for high seas adventure! This arrr-inspiring journal provides aspiring pirates games, puzzles, challenges, and advice on everything from swabbing the deck to walking the plank and avoiding scurvy. And for studying treasure maps after the lights go out, this journal also includes a reading light for secret journaling below deck!

I see dead people...and so does everyone else, because more and more teenagers who have returned from the grave are converging on the small town of Oakvale, Connecticut, inspired by the words the "voice" of Generation Dead, Tommy Williams, writes on his blog MySoCalledUndeath.com. Tommy's people-Mal, Karen, Sylvia, Takayuki, Tayshawn, Colette, Popeye, Melissa and the gang at the Haunted House-aren't zombies that want to eat your brains or feast on your entrails, they just want to do the same things everyone else does-create, make friends, play sports, have fun, fall in love-live. But not everyone in Oakvale-especially Reverend Mathers and his flock at One Life Ministries-is willing to stand idly by and let them do any of those things. Not when so many members of the community would approve of the undead being "reterminated" and sent back to the graves they worked so hard to climb out of... Generation Dead Book 4: My Best Friends Are Dead contains, for the first time in print: The collected My So-Called Undeath blog Generation Dead: Stitches Three brand new Generation Dead stories, and one new bonus story set in the world of Break My Heart 1,000 Times

A mesmeric, harrowing and uplifting childhood memoir that will open up much-needed conversations about identity and mental health It was an ordinary day in 2016. In Gatwick Airport, Jonathan and his wife Anna were having breakfast with their two little children while waiting for their flight to be called. And then it happened, a familiar sensation that Jonathan hadn't had for decades: an out-of-body experience that transported him to another place, the safe place he used to escape to in his mind when he was a boy. Because growing up in conservative 1980s Dublin, where there was little tolerance for children who were 'different', Jonathan Joly was, indeed, a different sort of child: creative, expressive, and - on the inside - a girl. The limitations of the people around him to understand his differences led to years of tyrannical bullying and abuse, forcing him to withdraw within himself to the point of clinical absence. His only chance for survival was the inner world he created for himself, rich with loving and supportive friends and playmates, that only he could see. Jonathan's invisible friends were his lifeline, and on that day at the airport, they came flooding back, and have remained with him to this day. This extraordinary childhood memoir is not only an important, thought-provoking and exhilarating read, it gives hope and community for all those who have ever felt 'other', and proves how vital it is to provide children with the safe space to be themselves. In All My Friends are Invisible, Jonathan Joly, known widely as one of social media's most successful content creators, shares the secret he's kept hidden these many years. He shows the beautiful world he retreated to time and time again when life was unbearable for his 'skin machine'. Most importantly, he introduces us to his invisible friends, and in so doing you may be transported back to the friends you had as a child that no one else could see, and who may have saved you, too. "When you find yourself living

in a world that doesn't understand you, and you lack any connection to anyone or any place, you are faced with few options. You can choose to leave this world and hope whatever lies beyond ends up being better, or you can create your own. It will require grit, hardship, pain and suffering, but the rewards will be great, and the journey will be greater, and the adventures will be endless. So, at a very young age and faced with these options, I chose the latter." All My Friends are Invisible will be one of the most talked about books of 2022.

Monsen and Jory deliver an affectionate skewering of the cult of New York as the center of everything--from fashion to baseball to finance to soft pretzels.

Acclaimed as a modern dramatic masterpiece, *Rosencrantz & Guildenstern are Dead* is the fabulously inventive tale of Hamlet as told from the worm's-eye view of the bewildered Rosencrantz and Guildenstern, two minor characters in Shakespeare's play. In Tom Stoppard's best-known work, this Shakespearean Laurel and Hardy finally get a chance to take the lead role, but do so in a world where echoes of *Waiting for Godot* resound, where reality and illusion intermix, and where fate leads our two heroes to a tragic but inevitable end. Tom Stoppard was catapulted into the front ranks of modern playwrights overnight when *Rosencrantz and Guildenstern Are Dead* opened in London in 1967. Its subsequent run in New York brought it the same enthusiastic acclaim, and the play has since been performed numerous times in the major theatrical centers of the world. It has won top honors for play and playwright in a poll of London Theater critics, and in its printed form it was chosen one of the "Notable Books of 1967" by the American Library Association.
