[It] covers every single aspect of canoe paddle building. -- Sawdust and Shavings Despite the growing interest in making paddles and canoes, it can be difficult to find reliable information on that craft -- except for this book. First published more than a decade ago and having sold 35,000 copies, *Canoe Paddles: A Complete Guide to Making Your Own* is the ultimate modern guide to the traditional craft for both the how-to beginner and the skilled woodworker. In *Canoe Paddles: A Complete Guide to Making Your Own*, longtime canoeist and woodworker Graham Warren provides detailed information and guidance to make a canoe paddle that will be

used with confidence and cherished for generations. The book is thoroughly illustrated with photographs, line drawings and plans with measurements for:

- How to make a paddle having a single blade, a bent shaft, or double blades
- How to protect a paddle with oil or varnish
- What to look for when test-driving a paddle
- How to decorate a paddle
- How to care for and repair a paddle.

The authors include an appreciation of the evolution of the paddle plus a special chapter by renowned canoe-building teacher David Gidmark which celebrates paddle-making in the native tradition.

small boat Strip-planking is a popular method of amateur boat construction, but until now there has never been a book that showed how to use it for more than one type of boat. Author Nick Schade presents complete plans for three boats of different types (canoe, kayak, and a dinghy) and shows you step-by-step how to build them. Written for all amateur builders, the book covers materials, tools, and safety issues.
