The past few decades have seen the beginnings of a convergence between religions and ecological movements. The environmental crisis has called the religions of the world to respond by finding their voice within the larger Earth community. At the same time, a certain religiosity has started to emerge in some areas of secular ecological thinking.

However, all religions agree that the creation is an act of God and should be treated as such. Spiritual leaders at all levels are critical to the success of the global solidarity for an ethical, moral and spiritual commitment to protect the environment and God's creation. These leaders can become observers, make public commitments, share the story of their commitments and the challenges and joys of keeping them, and invite others to join them.

~~Environmental Solidarity How Religions Can Sustain ...~~

Solidarity is one form that love takes in the ministry of environmental justice. The goal is to find ways that local churches and members can actively support others who are facing environmental injustices. Religion, human beings' relation to that which they regard as holy, sacred, absolute, spiritual, divine, or worthy of especial reverence.
