My favourite part of the book was the eponymous fatal alliance on Sebaddon. In particular it was great to see the Jedi Padawan being forced to work alongside and learn to appreciate the power of Sith Lord Darth Chratis, whilst the Sith apprentice finds herself suitably impressed by fighting alongside Satele Shan, Grand Master of the Jedi Order.

Sean Williams's "Fatal Alliance", the third novel in the Star Wars Old Republic series (although all of them are stand-alones, not connected in any way with each other other than the fact that they are set in the Star Wars universe), is a surprisingly decent action thriller that has somewhat restored my faith in the Expanded Universe series, specifically the Old Republic series-within-a-series.

Terraforming, terraformation, or xenoforming was the process of changing a previously uninhabitable planet or moon into a habitable one for a certain number of species. During the rule of the Infinite Empire, the Rakata became the first known culture to develop terraforming machinery and technology, and used it upon planets such as Kashyyyk. At an unknown point prior to the New Republic's ...
