The shop - for it had a shop - was, with reference to the first floor, where shops usually are; and there all resemblance between it and any other shop stopped short and ceased. People = who went in and out didn't go up a flight of steps to it, or walk easily in upon a level with the street, but dived down three steep stairs, as into a cellar.= Its floor was paved with stone and brick, as ...

PREFACE—Classic-Books—Free-Classic-eBooks

Viewing the matter gravelly and impartially, he could form no other opinion than that, if there had ever been an accident pure and simple, that was one. Adverting to the stack in its present condition, the Coroner remarked that they had seen that a crack yet existed at the corner of the cornice and they could but feel that a large portion of masonry might come away at any moment. Should it fall ...
