Select your audio device listed under the "Playback" tab and right-click to open a menu. Select the "Properties" option at the bottom. Once the Speakers / Headphones Properties window appears, click on the "Enhancements" tab. Check the box next to "Disable All Sound Effects" (or "Disable All Enhancements").

How to Fix Sound Problems in Windows 10

Audio equipment which uses a double-insulated design needs no earth connection, and so is less susceptible to earth-loop problems. Such equipment will often use two-core mains cable, which has an oval cross-section, and the mains plug will sometimes use a dummy plastic earth pin, as shown here.
