hide my emotions; I really love my job and I'd never put it at risk. But eventually it got to a point where I couldn't take it anymore. I couldn't concentrate on work, as he was the only thing I could think of.

A few days go by and my boss calls me to go
talk to him. Someone had made a formal
complaint about me assaulting a customer and

apparently the police was involved too. At this point I was the one turning blood red mad. I told my boss what had really happened and asked him to take a look at the recording from the security camera.
