Access Free Licensing Agreements

reasons when to use a license agreement: you'd like to provide an individual or an entity the right to use your intellectual property

Like any contract, an international licensing agreement spells out the rights and obligations of the contracting parties, manages potential risks and supplies a contingency plan for each party in the event the contractual relationship breaks down. However, international licensing of intellectual property, software or technology

Access Free Licensing Agreements

confronts the contracting parties with its own distinct challenges. When planning, drafting and negotiating such agreements, it is imperative to know exactly what core issues need to be addressed. This book provides this know-how in an easy-to-use, clear and concise fashion. This expert guide to the complex world of international licensing agreements brings together all the essential materials needed when dealing with such agreements and covers the following:

- business models that may be used by the contracting parties;
- standard provisions encountered in an array of

Access Free Licensing Agreements

international licensing agreements; • analysis of the key clauses in various international licensing agreements inter alia trademark, software, franchise and technology licences with provisions as affected by jurisdiction; • effect of competition law in a variety of jurisdictions; • ensuring trademark protection at both national and international levels; • clear explanation of key franchising terminology and disclosure rules; and • effect of international dispute resolution rules in a range of jurisdictions. Alongside detailed contract analysis, the book details
