Modern World History. The world history describes the human history determined by the study of archaeological and written records. Ancient history begins with the invention of writing. However, the roots of civilization reach back to the earliest introduction of primitive technology and culture. Prehistory begins in the Paleolithic era followed by the Neolithic era and the Agricultural Revolution (between 8000 and 5000 BCE) in the Fertile Crescent.

This is a survey of modern history from a global perspective. Part Two begins early in the twentieth century, as older ways of doing things and habits of thought give way. What follows is an era of cataclysmic struggles over what ideas and institutions will take their place. The course concludes in the present day, as communities everywhere are transitioning into a new era of world history.
