A classic resource that has helped nurses pass the NCLEX exam for over 60 years, Mosby's Comprehensive Review of Nursing for the NCLEX-RN® Examination, 20th Edition is fully updated to reflect the newest NCLEX-RN test plan. Content review is presented in a concise and full-color outline format organized by the core areas of medical-surgical, pediatric, maternity/women's health, and mental health nursing, with a practice test following each unit. More than 4,200 practice questions and rationales -- including more than 600 questions in the newest alternate item formats -- are written by a team of trusted NCLEX experts led by author Patricia M. Nugent. This title includes additional digital media when purchased in print format. For this digital book edition, media content may not be included.

Rev. ed. of: Mosby's comprehensive review of nursing for the NCLEX-RN examination / editors, Dolores F. Saxton, Patricia M. Nugent, Phyllis K. Pelikan.

A classic resource that has helped nurses pass the NCLEX exam for over 60 years, Mosby's Comprehensive Review of Nursing for the NCLEX-RN® Examination, 20th Edition is fully updated to reflect the newest NCLEX-RN test plan. Content review is presented in a concise and full-color outline format organized by the core areas of medical-surgical, pediatric, maternity/women's health, and mental health nursing, with a practice test following each unit. More than 4,200 practice questions and rationales -- including more than 600 questions in the newest alternate item formats -- are written by a team of trusted NCLEX experts led by author Patricia M. Nugent. A companion CD enhances your NCLEX review by allowing you to customize quizzes and exams and download audio review summaries of key content. Over 4,200 practice questions in the book and on the companion CD provide ample practice opportunities in both print and electronic testing formats. Review questions are grouped by categories of concern to focus your study on any areas of weakness. Detailed rationales for correct and incorrect answers are provided with every question. Text references are provided with the answer rationales for further study of difficult topics. Two comprehensive exams are coded by clinical area, client need, nursing process, and cognitive level, to help you evaluate your strengths and weaknesses. An overview of the latest NCLEX-RN test plan describes the recent changes and additions to content. Companion CD allows you to create customized quizzes and exams based on clinical area, NCLEX client needs category, nursing process, and cognitive level.

It's a fun, visual review for the NCLEX! Illustrated Study Guide for the NCLEX-RN® Exam, 8th Edition covers all the nursing concepts and content found on the latest NCLEX-RN examination. A concise outline format makes studying easier, and 2,300 NCLEX exam-style review questions (including alternate item formats) are included to test your knowledge at the end of each chapter and on the Evolve companion website. Written by NCLEX expert JoAnn Zerwekh, this study guide uses colorful illustrations and mnemonic cartoons to help you remember key concepts for the NCLEX-RN exam. UNIQUE! Mnemonic cartoons provide a fun, easy way to review and remember key nursing concepts and disease processes. UNIQUE! The integrated systems approach incorporates pediatric, adult, and older adult lifespan considerations in each body system chapter. UNIQUE! Appendixes for each chapter summarize medications and nursing procedures for quick reference. Electronic alternate item format questions on Evolve prepare you for the interactive question types on the computerized NCLEX examination, including priority drag-and-drop and hot-spot (illustrated point-and-click) questions. Practice questions on the Evolve companion website are available in both study and quiz modes and separated by content area, allowing you to create a customized review experience based on your personal study needs. Answers and rationales for all review questions show why correct answers are right and incorrect options are wrong. NEW! 2,300 review questions are now included on the Evolve companion website. Two NEW alternate item question types are added: graphic options and questions incorporating audio. UPDATED content reflects the latest NCLEX-RN test plan and incorporated important clinical updates. NEW! Page references to an Elsevier textbook are provided with each question, for further study and self-remediation. NEW! Disorder names are highlighted in color in the index for quick reference. EXPANDED coverage of management of care reflects the increased percentage of this content on the NCLEX-RN test plan.

Take this pocket reference to clinicals on the job for quick access to nursing skills! Based on Perry & Potter's market-leading Clinical Nursing Skills & Techniques, 7th Edition, Mosby's Pocket Guide to Nursing Skills & Procedures, 7th Edition presents 83 key skills in an easy-to-use A-to-Z format. Step-by-step instructions include full-color photos plus rationales explaining why to use specific techniques. With the latest in evidence-based practice, this book helps you perform basic nursing skills safely and effectively. Also available on Skyscape for use on any hand-held device! A clear, two-column format presents skills with rationales for each step explaining why to use specific techniques. A gloving logo identifies skills in which clean gloves should be worn or gloves should be changed in order to minimize the risk of infection. Safety alerts highlight important information for patient safety and effective performance of skills. Reporting and recording guidelines include a bulleted list of what should be documented in the patient records. Unexpected outcomes and related interventions help you troubleshoot potential problems and take appropriate actions to address them. Alphabetical organization of skills makes it easy to find information quickly. A convenient pocket size and spiral binding allow the book to fit easily into your coat pocket and to stay open on the page you want. New full-color design and illustrations help you follow step-by-step directions more easily. Completely updated content is based on Perry & Potter's market-leading text, Clinical Nursing Skills & Techniques, 7th Edition, for the latest in evidence-based care.

This unique study guide supplements any Mosby psychiatric nursing textbook. Topics cover everything from basic concepts of psychiatric nursing to nursing management of psychiatric disorders. It includes activities that represent a range of cognitive levels, from content review to application and critical thinking. These activities can be used as in-class or homework assignments, or they can be used by the student independently. Several chapters include pre- and post-viewing activities based on information and clinical scenarios from Mosby video series.

This title includes additional digital media when purchased in print format. For this digital book edition, media content is not included. Prepare for exam success with Mosby's Review Questions for the NCLEX-RN® Examination! Over 5,000 exam-style practice questions help you assess your strengths and weaknesses, develop test-taking skills, and reduce your test anxiety. Written by testing experts Patricia M. Nugent, Phyllis K. Pelikan, Judith S. Green, and Barbara A. Vitale, this book makes review easy by organizing material into the core clinical areas of medical-surgical nursing, mental health, maternity, and pediatrics. Rationales are provided for both correct and incorrect answers, and alternate item format questions ensure that you're prepared for the latest version of the exam. Convenient organization by core clinical area, body system, and disorders makes it easy for students to select the practice questions they prefer. More than 3,000 questions in the book Rationales for both correct and incorrect answers explain the reasoning behind each answer option. Alternate item format questions include fill-in-the-blank, multiple response, drag and drop prioritizing, chart/exhibit, and hot spot (figure/illustration) enhance students' critical thinking skills. Three practice modes -- study, quiz, and exam Coverage of new content on the 2010 NCLEX-RN test plan prepares your students for the exam with the most up-to-date information. An increase to over 300 alternate item format questions provides additional practice with these important critical thinking questions. 12 chart/exhibit alternate item format questions introduce students to the newest alternate item format type. Coverage of new content on the 2010 NCLEX-RN test plan prepares you for the exam with the most up-to-date information. An increase to over 300 alternate item format questions provides additional practice with these important critical thinking questions. 12 chart/exhibit alternate item format questions introduce the newest alternate item format type.

It includes the most recent NANDA-I approved nursing diagnoses based on more than 1,300 specific symptoms and a step-by-step guide to creating care plans featuring desired outcomes, interventions, and patient teaching. UNIQUE! Care plans for every NANDA-I approved nursing diagnosis, including pediatric, geriatric, multicultural, home care, client/family teaching and discharge planning, and safety interventions Alphabetical thumb tabs provide quick access to specific symptoms and nursing diagnoses Pocketsize portability makes this book easy to carry and use in clinicals, in class, or at the bedside NEW! 4 Color Text NEW! Updated 2012-2014 NANDA-I-approved nursing diagnoses NEW! 16 new and 22 revised diagnoses NEW! Added content on safety, one of QSEN's six competencies

Covering the key nursing concepts and content areas found on the latest NCLEX-RN licensure examination, this updated study guide summarizes essential nursing content. Chapter appendixes summarize related medications, diagnostic tests, and nursing procedures. NCLEX examination style review questions close every chapter. A companion CD-ROM is included.

This Revised Reprint of a nursing pharmacology classic has been carefully updated to reflect the very latest drugs, drug indications, and trends in nursing care. Its systematic, monograph approach provides essential information on mechanisms of action · indications · pharmacokinetics · side effects/adverse reactions · drug interactions · dosage and administration · and more. Then, for every major drug or drug group, readers will find specific applications of the nursing process-enabling them to relate nursing care to the drug therapy of each patient. Employs a body system organization that facilitates access and enhances learning. Includes coverage of over 1,100 drugs, including new drugs recently approved by the FDA. Alerts readers to common as well as serious drug interactions in two-column drug interaction overviews within Nursing Management sections. Uses reader-friendly boxes throughout the text including: Pregnancy Safety boxes · Lifespan boxes (Special Considerations for Children, Special Considerations for Older Adults) · Management of Drug Overdose boxes · Cultural Considerations boxes Presents a Comprehensive Index that lists entries by both trade name and generic name, plus a Disorders Index that lists coverage of diseases and disorders. Includes Nursing Care Plans for selected drug groups. Uses in-text Case Studies to illustrate the application of pharmacology content to common clinical situations.
