much more. You'll also learn about the latest developments, including techniques for handling economic uncertainty and stock market instability.

Negotiations form the heart of mergers and acquisitions efforts, for their conclusions contain both anticipated and unforeseen implications. Don DePamphilis presents a summary of negotiating and deal structuring that captures its dynamic process, showing readers how brokers, bankers, accountants, attorneys, tax experts, managers, investors, and others must work together and what happens when they don't. Written for those who seek a broadly-based view of M&A and understand their own roles in the process, this book treads a middle ground between highly technical and dumbed-
