Organizing For Educational Justice The

Organizing for Educational Justice is a rich, honest biography of democratic mobilization for public education, an intimate look at a moment in time when educators, community members, parents, politicians, union leaders, and youth, linked arms to organize in the Bronx, for a different tomorrow. It should be required reading for educators, activists, and policy makers committed to resurrecting public education as a public good.

Since the 1980s, strategies for improving public education in America have focused on either competition through voucher programs and charter schools or standardization as enacted into federal law through No Child Left Behind. These reforms, however, have failed to narrow the performance gap between poor urban students and other children. In response, parents have begun to organize local ...
