Enabled by twin tuners, the HST270 allows you to record two TV programmes while you stream your favourite content from NETFLIX or your preferred video on demand platform. Have your traditional TV content, recorded programmes, and your streaming platforms all easily accessible in one place. Since it has two tuners, this model can record two different HD programmes while you watch TV on another channel or stream from a video on demand source.

Twin tuner, with recording, in a reliable and straightforward unit is perfect for them and all they need. It's basically in the same market niche as the Dish twin-tuner units (with the addition of Netflix). But Panasonic is a better known brand, with a reputation for quality.

I remember getting my first PVR fifteen years ago – a Pace Twin with a 20GB hard drive, rendered useless a few years later by technical changes to the terrestrial broadcast platform. Around the same time the Pace Twin was in retailers, a company called Eurosat was supplying digital satellite receivers under the Manhattan brand to enthusiasts via a network of specialist dealers.

~~LG RHT497H review | TechRadar~~

Although the roll out of Freeview HD isn't complete, Panasonic has wasted no time implementing compatible tuners into its products – and we're not just talking TVs. Take the 'XW380 PVR. A DVD player and recorder, twin Freeview HD tuners and a 250GB hard disc drive have all been shoehorned into it.
