Provides curriculum ideas, reproducible activities, and annotations for Web sites and books that follow the first four books in the Magic Tree House series.

If you're passionate about using interactive group games to help people interact, share and connect - and have no equipment whatsoever - this book is for you. Interactive group games and activities are one of the most powerful (and attractive) ways to help people connect. And research clearly shows that the most successful programs in the world are those which intentionally build trusting and healthy relationships. In this entertaining and simple how-to guide, Mark Collard distills 30+ years of experience to help you harness the power of group games to have fun and leave your group feeling engaged, valued and meaningfully connected to one another. All without props. This book will help you: Learn 150+ interactive group games & activities that people love, are universally appealing & require no props to play; Know the difference between an 'ice-breaker' and an 'ice-maker'; Understand why the latest research demands that we help our groups connect first before we deliver our content; Use five powerful tools to engage unwilling participants, create productive teams & exceed your group's expectations; and Apply a simple four-step program design model that is guaranteed to invite your group to play, interact, trust & learn. Exclusive Bonuses To help you make all of this super-easy, No Props No Problem comes with four unique, value-added resources: QR code for every activity to access online video tutorials, leadership tips, variations & so much more; 30-Days Free access to playmeo's ever-expanding activity database (premium subscribers already have immediate access); Free Group Games App to access everything in the palm of your hand; and Forty Ready-to-Play Program Templates for 12 to 100+ people. This book makes no props, no problem, and will help you squeeze more than just fun out of your programs. Grab your copy of No Props No Problem today. Written by Mark Collard, 2018 (272 pages)

A collection of poems on Easter themes by John Ciardi, William Jay Smith, Joan Aiken, and other authors, including poems translated from Russian and German.

"Building a classroom community of students who are engaged and ready to learn takes time and effort. So why not use hands-on activities to build academic skills—and student trust and rapport—at the same time. Jane Feber's award-winning, hands-on approach to learning gives you ready-to-go activities that engage all learners and add academic muscle to your curriculum. These classroom-proven activities are fun, and they are all aligned to Common Core Standards. Flexible and easy to do, the projects are ready to go and fit easily into any teaching day and curriculum. Feber's practical approach transforms inexpensive, commonly found supplies into powerful learning tools that build rapport and academic skills across the curriculum."

The strategies you need to teach common standards to diverse learners Realistic and thorough, this teacher-friendly book shows how to help every student, including English Learners, students with disabilities, speakers of nonstandard English, and other struggling learners, meet the Common Core Standards for English Language Arts (ELA). This resource: Familiarizes readers with each of the Common Core's 32 anchor standards for ELA Outlines the specific skills students need to fulfill each standard Presents a wealth of flexible teaching strategies and tools that build those

skills Includes guidance on professional collaboration and co-teaching

Crafting has never been more popular and Maggy Woodley, the creative force behind Red Ted, is passionate about making things with her children, Max, four, and Pippa, two. Using recycled materials and bits and bobs collected when out and about, here are over 60 utterly irresistible things to make with your kids. From adorable peanut shell finger puppets to walnut babies, loo roll marionettes and egg carton fairy lights, fabric mache bowls, stick men and shell crabs, stone people, and many more, these are projects for all the family to have fun with. And what's more, the end results are so cute and desirable that they look great around the home, or make wonderfully unique and personal gifts. With a funky, modern design and vibrant full colour photography throughout, this is a must-have addition to every young family's bookshelf.

Provides various activities kids can do outside, instead of being bums inside.

Join the tiny seed on an adventure as it becomes a giant flower!

Having trouble interesting your students in history or the history textbook? Concerned about the ability of your students to actually read the textbook? Learn ways to tie reading strategies to the learning of history and sources that will help history come alive for your students. Nationally known literacy advocate Janet Allen discusses strategies for teaching nonfiction reading using Joy Hakim's award winning A History of US series as the center of a blossoming campaign among educators to integrate literacy and history. Classroom tested at a variety of grade levels, real student samples are interspersed throughout the book providing clearer understanding of the strategies in action.
